USSS

U.S. SUPPORT SERVICES INC.

COMPANY POLICY

U.S. Support Services Inc. is providing a variety of support services to international students studying in southern California. When an international student comes to Los Angeles, one of the most difficult issues is housing. Los Angeles is a very big city and has different rules and regulations concerning the rental of apartments or rooms. We provide a safe and comfortable environment at our accommodations with flexible lease terms for international students. Beyond housing services, we offer other services to make your stay even better such as our excursion program, ESL plus program, and college support program. We appreciate the opportunity to support you in ensuring that your time in Los Angeles is productive and enjoyable.

Learn more than English.

U.S. Support Services provides varies types of housing to international students.

CHOOSE ONE

HOMESTAY:

The homestay experience is a unique accommodation choice for students because it welcomes them into an American home. Students who choose to live with a homestay family are looking for a safe, welcoming, and comfortable atmosphere in which they can be introduced to American customs, traditions, and family lifestyles. The home allows them to practice their English on a daily basis and enjoy homemade meals in a familiar setting. Homestay families typically plan special events such as family outings and guided tours of the city for the student. The homestay program carefully matches students with appropriate families. Here, we see friendships form that last a lifetime.

DORMITORIES:

This is the best option for independent students. The dormitory offers a fully furnished room, either quad (4 people), double (2 people) or private (individual). No meals are provided, but a fully furnished kitchen is available.

Currently we have 3 residences/dormitories, named, Brockton, Poinsettia and North Hollywood. All residences/dormitories are conveniently located close to shopping areas.

Enjoy living with international students from a variety of countries.

“My experience living with another family to learn different culture in different country has been amazing! My host mom is really kind and outgoing -and my little host brother... he’s really cute. My experience has allowed me to learn necessary phrases and native slang from my host family. I practice writing key words and then try them out by communicating with the host family’s kids. Also I am enjoying being involved with the local community. Normally it would be really difficult to have such a close involvement and have such a deep connection in the U.S. But it’s been possible to truly live like a local. Living with the family has taken my entire international experience up a level.”

“This is the first time I’ve left my family in Russia, so I was nervous about staying in a different country. But all of my new friends at the dormitory have welcomed me warmly. It didn’t take long for us to build a friendship. We’ve gone shopping together, camping together and have visited Las Vegas together. I feel like they are part of my family in Los Angeles. This is an amazing experience for my first time studying abroad.”

“I enjoy staying at the student dormitory. The location is extremely safe and it’s easy to get to my ESL school by public transportation. It’s also easy to get to local areas for shopping and entertainment. I’m amazed at how easy it’s been to start living in a different country, thanks to the student dormitory. When I checked in to the dormitory everything was move-in ready. The kitchen was fully equipped and the living room had wi-fi, TV... Everything was set up to start my life here. This is really helpful.”

"I took an ESL class at my school and also took dance lesson in North Hollywood. The best part of my experience is that my dance friends are also living in my dormitory. We live together and we train together, so it's been so advantageous for all of us to have each other as support in both our living arrangement as well as in our passion - dance. Sometimes we forget the time at night and stay up to late... the dormitory manager scolds us sometimes...LOL But we deserve it, and our memories are so awesome because we have a close relationship with each other and have so many good memories. I wish to come back here soon!"
